BLACKOUT BLINDS

As members of the Vancouver community, we all welcome the sight of blue skies and sunnier days after surviving the long grey winter months.

However, as Spring turns to Summer, the longer days and increased level of sunlight can be a problem for your internal clock and natural sleep rhythms.

Blackout Blinds can significantly increase the quality of your sleep by creating a completely dark environment, ensuring that you and your loved ones get a full night's sleep.

BLACKOUT BLINDS

BENEFITS

Privacy

Blackout blinds offer unmatched privacy for your home's more intimate rooms.

BLACKOUT BLINDS

Enjoy a Better Night's Sleep

Installing them in a bedroom or bathroom will enhance the room's ambiance with a touch of seclusion and tranquility.

Energy Efficiency

Blackout shades are the perfect solution to ensure a higher quality of sleep for the whole family through the summer and beyond!

BLACKOUT BLINDS

The thicker fabric of blackout window treatments helps to insulate the home by blocking heat from getting in during the cooling months or escaping through the windows during the warming months.

This means that blackout blinds are the perfect solution for reducing heating and cooling costs year-round!

Enjoy Savings, Style, and the Best Possible Price!

Our window coverings are available in a stunning array of colours and styles that are sure to impress.

CONTACT US

For more than a decade, Civic Blinds has been one of the leading window covering and motorization suppliers in the Vancouver area.
